

Applicant Agreement

The selection committee selects participants for Leadership Lynchburg, a community leadership development program, based on their application responses. Application responses are scored and measure leadership potential (30%), a commitment to our community (40%), problem solving ability (10%), education/experience (10%), and goals for self-development (10%). Participants are expected to:

1. Be actively and fully involved in all aspects of the program including, and without limitations, team projects. Team project participation will involve meeting and activities outside of regular program sessions and is likely to require 30 or more hours.
2. Satisfactorily participate in all aspects of the program and its goals including, and without limitation, team projects

Leadership Lynchburg's curriculum is designed to foster teamwork. We believe that teamwork is best learned by being an active part of a team, both during in class sessions and out of class meetings. This program asks participants to stretch themselves and to value and leverage diverse points of view. This objective works best face to face. As a result, successful completion of this program stipulates that you miss no more than two sessions, of the equivalent amount of hours. However, we realize that circumstances may arise that will impact your attendance. We will evaluate these situations on a case-by-case basis. In the past, we have not penalized any participant who has made a real effort to be a part of this program in spite of challenges.

3. Interact with other participants and staff with a positive attitude towards the program and the successful completion thereof.
